

If You're an ABAWD, You Have to Work

If you are an able-bodied adult without dependents (ABAWD), you must meet the ABAWD work requirement to keep your SNAP benefits.

Each month that you get SNAP benefits for the entire month without meeting the ABAWD work requirement is called a “**countable month.**” If you don’t work and you reach 3 countable months in a 36-month period, **you will lose your SNAP benefits.**

Can I still get SNAP if I don’t work and lose my SNAP benefits?

Yes. Once you have lost your SNAP benefits due to reaching 3 countable months, you can start receiving SNAP again if:

- 1. You are no longer an ABAWD, or**
- 2. You work or participate in a work program (or both) for 80 hours within a 30-day period** in the 60 days before you apply for SNAP benefits.
- 3. You wait 36 months to apply again**

If you have questions, talk to your county JFS office at 1-844-640-6446.
