Permission to Utilize the Asset Verification Service (AVS) System

The AVS system is an interface to verify and detect an individual’s financial assets regarding liquid resources including (but not limited to) bank accounts, checking accounts, and/or deposits.

Each adult applying for Medicaid where resources are a determining factor are required to give permission for the AVS system to be reviewed.

If AVS permission is not given, Medicaid will be denied, or discontinued, per policy. OAC 5160:1-1-05 (D).

If the AVS system does not return any resource results, you will be responsible to provide the resource verifications.

I understand that the Ohio Department of Medicaid will get information about my financial resources from banks, credit unions, or other financial institutions to determine my eligibility for medical assistance.

Authorization to get this information remains in effect until:

- *My application for medical assistance is denied; or*
- *My eligibility for medical assistance ends; or*
- *I inform the Ohio Department of Medicaid in writing that I wish to end my authorization.*

If I refuse to authorize the Ohio Department of Medicaid to get information about me from financial institutions, or I decide to end my authorization, I understand that my medical assistance may be denied or discontinued.
